TODAY Thursday — Clear with winds Northwest at 35 mph, decreasing to 13. Coldest. Night low, 21; estimated high 45. Friday, 24; over-night low, 15; estimated high Thursday, 28. Thursday Sunrise — 8:44. Thursday Sunset — 4:44.

SIXTY-EIGHTH YEAR

Her Second European Championship

Barbara Ann, in Flawless Display, Well on Way to Skating Crown

By JACK SULLIVAN

PRAGUE, Jan. 14.—(CP)—Ottawa's Barbara Ann Scott, world figure skating queen, was well on her way toward her second European championship.

Defending the European crown she easily won at Davos Platz, Switzerland, last Feb. 1. The 18-year-old Scot, who led all 100 female figure skaters from six countries at the end of all events this afternoon in the difficult competition, had a total score for about 60 per cent of the final scoring.

An unofficial compilation showed she had collected six firsts in the first four compulsory figures and had been given her by a British judge, Mai, K. S. Beaumont.

Beaten girl first-place ranking to Jeanette Altwegg, the Swiss champion, though she appeared to be running fourth in the overall judging.

Under protest scores given out at the half-way mark showed Miss Scott with a 95-point lead. The world champion who will compete in the winter Olympics at St. Moritz, Switzerland later this month, had 92.5 points to 318 for Miss

George E. Church Re-Elected UFA Head

Merger Alberta Farm Bodies Now Approaching Certainty

Merging of the United UFA convention voted in favor of a merger of the Alberta Farmers' Union into one provincial organization would be virtually certain Wednesday if the annual

GEORGE E. CHURCH of Balzac, was returned as president of the

United Farmers of Alberta.

UFA for its third consecutive term, nominations for the office were called before the noon recess.

The amendment to re-elect Mr. Church was carried with 45 votes of the two bodies within 12 months.

GEORGE E. CHURCH of Balzac, was returned as president of the

United Farmers of Alberta.

LINKING HIS second annual

annual report to a renewed plea for legislative action to combat soaring prices, he told the Repub-

lican-controlled Congress:

"The Alberta people are keenly aware that inflation is the dominant problem in our affairs."

The United Farmers' words in demanding once again the full 10-point anti-inflation plan which the Repub-

licans proposed. Considered a

final run during November's session. He asserted that stand-

by price, wage and rationing authori-

ty is all that is needed today, and

prompted him to be "moderate."

IN ADDITION to congressional action, the United Farmers called upon the federal government to cut prices whenever possible, "foregoing a quick and dangerous excess profit in favor of long-term stability."

He urged labor to be "moderate."

Rear-End Main Line Collision

MONTREAL, Jan. 14.—(CP)—Canadian National Railway officials today were checking an unconfirmed report that 15 persons were killed in the rear-end collision involving two trains on the CN transcontinental line in Northwestern Quebec.

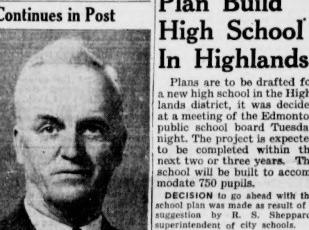

PARENT, Que., Jan. 14.—(CP)—Four persons were killed, three seriously injured and 40 reported slightly hurt today when passenger train No. 21 plowed into the rear end of train No. 11 on the transcontinental line of the Canadian National Railways.

ALL KILLED, including a baggeman named Vallancourt, were on train No. 11, which the Queen's car train crashed.

The accident occurred at Wykes, a small northwestern Quebec sta-

Continues in Post

George E. Church, president, United Farmers of Alberta, was re-elected president of the UFA. Continuing his speech, he said: "Mr. Church begins his fourth successive term as UFA president."

They told reporters the fire had broken out early Monday in the ship's hold, which was completely through the ship. They had fought the blaze for a long time, but the burning took its toll.

The burning took its toll.

The boats were made difficult by the fact that some of the boats were in the water first, while others were still a ways off shore.

With their only possessions—the clothes they had on—the rescued men from the Connolly lined up as the life boat, the Union Victory, was brought through fog and drizzle to her berth.

New Trial Ordered

•Private' on Court Door Quashes Conviction

The holding of a trial in a room at the RCMP barracks with "private" rights based on the presumption fatal to a conviction resulted in Magistrate Olsen, Athabasca, the court of appeal of Alberta ordering a new trial for appellant Kyle Greenwood, Edmonton resident, on a charge of attempted robbery.

NEIL D. MCNAUL, KC, Edmonton, appellant's counsel, for the appellant submitted that where an example of public trials had been violated in this case and asked for the quashing of the conviction. The court held the conviction should be set aside and ordered a new trial.

Worthy C. Collins, Athabasca district resident, also successfully argued against a decision of Magistrate Olsen finding him guilty of theft of grain. The court, quashing the charge of grain.

Welfare Probe Told:

\$6,935 Is Cost to IODE For Dr. Whitton Survey

Cross examination of Dr. Charlotte Whitton was completed today at the sitting of the Royal Commission appointed by the Alberta government to investigate welfare conditions in the province.

DR. WHITTON, who conducted a survey of welfare conditions in Alberta for the Imperial Order Daughters of the Empire last year, said total cost of her study to the D.O.E. was \$6,935. She had received \$2,000 for her expenses and \$4,935 for expenses. Travelling expenses of consultant had amounted to \$2,435.

Brigadier A. L. Miller, legal counsel, told Dr. Whitton he wanted "yes or no" answer to his question.

Dr. Whitton said the questions could not be answered as simply as that.

She said she did not want distortions of her beliefs entered on the record.

MR. SMITH ASKED if children from provinces other than Alberta had been adopted in the United States. Dr. Whitton said that children had been adopted in the States from at least three provinces. She said that children passports adoptions into the U.S. were up to 150 and of these, Alberta took 100.

Farley said she told the commission that illegitimate children kept by their mothers should be told of their status as soon as where they understand. Wisdom and understanding dictated that such children should be told to prevent a sudden unkind revelation.

Good case workers also advise couples to tell their children of their status, she said, but no pressure is brought on parents to do so.

Mr. Smith referred to opinions of welfare workers that many cases turned up in which women who brought illegitimate children into the unit.

DR. WHITTON AGREED with this. "It's one of those things which continually renew a spinster's confidence," she said.

Asked if her health wardships (permission to keep foster children) were to be issued without authority of organization, she asserted attempts had been made during the survey to recover the power which had been sown and cancelled by the welfare department and total authorizations from the lieutenant-governor-in-council.

District Resident Takes Own Life

Sentimentalists may be shocked to learn that a shack in the Nitoon district near Edson, is reported to have committed suicide. On Tuesday a neighbor of Jim Carson found the man dead in a shack. Police found he had shot himself through the head with a .22. He left a note detailing his possessions, property. No inquest will be held.

The Canadian Press and the Canadian Press Association do not assume responsibility for the transmission of special dispatches or news items received.

Coat of Arms

Edmonton citizens are invited to submit designs for a new coat of arms for this city. Cash prizes will be offered for the best designs, and if any one of them is used, an additional prize will be given.

The rules of this contest have not yet been published in full. But everyone would feel a good deal more comfortable about it if the primary rule were made to demand that all designs conform to the principles of heraldry.

Heraldry is an exact art, or science if you like, and yet all over this country crests and coats of arms are displayed which violate heraldic precepts with horrible abandon. The use of color and the juxtaposition of symbolic figures are governed by inexorable rules.

Heralds, rules of course, are not sacred. An incorrect coat of arms would not plunge Edmonton into either mortification or disgrace. But if we are going to have a coat of arms, we may as well have a proper one. Otherwise, it should be called something else.

A Development Project

Pravda is due to have another bad dream, when it learns that the government of Canada is to build a large hydro-power plant at Slave River, 100 miles north of Yellowknife, and that the army is to take a hand in the construction. This is almost certain to follow precedent, the enormous cost of these figures will help to clarify what "rightful" means. They show how colossal is the material aftermath of the late war, and indicate how much more colossal the human and material wastage of another must be. The figures are the official estimate of what only one country should do to clear away the wreckage of one war and build safeguards against a worse one.

The Little Assembly lost no time in starting to study how to abolish itself. It gave all members of the United Nations organization until March 15th, to send along proposals for stopping the misuse of the veto power by permanent members of the Security Council. If an acceptable suggestion is found, the reason for creating the "Committee" will disappear, and the "committee" itself will doubtless also vanish. It only exists because the Security Council is babbled, and if the hobbies are removed will have no further purpose in life.

Anent the bank robbery in New Orleans, it is pointed out that robbery under arms is punishable by death in Louisiana. If the crime continues to grow more common, as it is now growing, life imprisonment for offenders is likely to also become common—and even death may be made the punishment in some other parts of the continent. A man who robs under threat to kill thereby proclaims his readiness to commit murder. Public opinion everywhere is certain to demand heavier penalties in such cases.

Looking Backward

From The Bulletin File

1888: 60 Years Ago

A London despatch says that bills to the amount of 40,000 pounds, drawn by the late General Gordon during the Siege of Khartoum, have been discovered in a safe in the British Museum. These documents will revise the whole General Gordon incident, which cut across party lines and proved such a thorn even in Gladstone's at a critical hour in national history.

1908: 30 Years Ago

Dublin—A commission is investigating the recent disappearance of state jewels from Dublin castle. The "big four mission fund" of their denomination.

The new Presbyterian church at Norwell will open tomorrow.

Plans have been registered for a new tenement on the GTP 168 miles east of Edmonton. It is to be called Wainwright and will be a divisional point on the railway.

1918: 20 Years Ago

Stockholm—The independence of Lithuania was declared.

London—A group of men in the British textile trade have captured the secret recipes of the great Meherine—Hon. W. H. Hughes is forming a new ministry. The former Hughes' cabinet resigned Monday. It is expected he will have little difficulty.

It is believed that Hughes' new peace terms, though it is not believed they will form a basis for immediate peace discussions.

1928: 10 Years Ago

Has spring made an early arrival? Nature seems to be in a hurry to get things done, especially the world of green grass and pussy willows in January. Butterflies, too, have made their appearance and spring.

During 1927 a total of 142 boys were turned over to the Salvation Army social department by the Edmonton Police Court.

There, by the stately fence, The sunbeams hails and hears My soul that lingers sighing About the glistening weeds.

1938: 10 Years Ago

Edmonton—Governor of Alberta, W. L. Walsh, died.

Five cases of poliomyelitis and two of diphtheria were reported in the city.

British Columbia's entry to Vancouver harbor was ordered by Hon. Ian Mackenzie, minister of national defence.

The federal government was attempting to "grab" 8,000,000 acres of southern Alberta drought lands, according to Hon. D. B. Mullen, provincial minister of lands.

A ton roast of grubbed pork was retailed at 23 cents a pound in Edmonton while trucked hogs on the Edmonton market were selling at \$7.85 a hundred pounds.

Today's Text

Thus saith the Lord, Let not the wise man glory in his wisdom, neither let the mighty man glory in his might, let not the rich man glory in his riches; forasmuch as it was to be the last. Perhap that is why the prediction was never

heard in World War II days. The failure of the earlier prophecy was too fresh in mind and too distressingly apparent.

Neither is anybody saying there will not be World War III. Perhaps that is as well. It shows that wishful thinking is not now allowed to obtain ugly results. The present proposal is to do it thirty years ago. The world has grown wise enough to see things as they are, not as they ought to be, nor as people of good will would like them to be. Palestine, the iron curtain across Europe, the totalitarian ramp in China, are situations and symbols which may presage another global explosion. That they are so recognized means that people of intelligence can and will do all that is possible to stay at the threat.

President Truman sent Congress his proposal that the United States collect and spend more than \$39,000,000,000 next year; 70 per cent of this huge amount in repairing damages of the last war and building defense, military and economic, against another. No country ever before staked any such sum to restore and fortify peace. No government ever before proposed a comparable outlay of national funds to recreate and build international security.

Everyone understands, vaguely, that if World War III should come it will be frightful beyond precedent. The enormous of those figures will help to clarify what "rightful" means. They show how colossal is the material aftermath of the late war, and indicate how much more colossal the human and material wastage of another must be. The figures are the official estimate of what only one country should do to clear away the wreckage of one war and build safeguards against a worse one.

THE UNSEEN AUDIENCE

by Webster

Communism Is Intolerable

By Dorothy Thompson

that of the British Labor Party, New Dealers, or European Social Democrats.

"In every political, professional, military, educational nucleus must be formed mostly open, but in whole is legal or illegal."

"The absolute principle of combining legal with illegal work is demanded."

"Communist parties must legally publicize, in which Communists, without closing themselves off, and without fearing their connection with the party, would be taught to utilize the slogan 'We are not Communists, we are...' and... illegal sheets... giving unto the revolutionary independence of the party."

"Communists can have no independence in bourgeois (non-Communist) law... wherever there is no need, Communist groups should be formed within every military, or other organization, and every person who participated in treason must be condemned to capital punishment... and Pacificism."

"The general state of things in Europe and America makes necessary world-wide popularization of illegal Communist organizations, along with those existing legally."

"Only a violent defeat of the bourgeoisie, the annihilation of its power, can bring about the revolution from top to bottom, parliamentary, judicial, military, bureaucratic, ecclesiastical, and other institutions, such measures guarantee complete subjugation." To Communists, it is clear that the capitalist class must parley the word "bourgeoisie" has come to mean every person who does not belong to the party that is not committed to the cause of the working-class, and to Communism... and Pacificism.

"Communist parties can be formed independently of bourgeois law, wherever there is no need, Communists should be formed within every military, or other organization, and every person who participated in treason must be condemned to capital punishment... and Pacificism."

"Each affiliated party is obliged to publish its possible assistance to the Soviet regime, to carry on propaganda to induce workers to refuse to transport military equipment and supplies or illegal means propaganda troops."

"The object of the struggle, which is to turn the world into civil war, is to obtain the political power. Eventually the power will be taken over by the party, the party must always adapt itself to the idea of the Soviets..."

"Each affiliated party is obliged to publish its possible assistance to the Soviet regime, to carry on propaganda to induce workers to refuse to transport military equipment and supplies or illegal means propaganda troops."

"They were lucky enough to get a passage on a large, and when passing through Japan they overheard this conversation:

"What's that?" asked his friend.

"Well, my wife is away, so I must go to the bar."

"A bit long, isn't it?"

"Yes, it is. It's rhubarb."

The two actors looked at each other in silence then sighed deeply.

"Civil," said one, "shall we never stop the hill?"

Two workmen sat down to eat their lunch, and one began unwrapping a parcel about 18 or 20

Where "seats" parties exist, the legal structure is subject to the illegal. Thus, Communist parties must learn systematically to unite legal with illegal, but all legal work must be carried on under the

guidance of the party."

These two men were the most pitifully persecuted the peaceful Democratic League, the nearest thing to a sub-human level."

The Coming Russian Terror

By Stanislaw Mikolajczyk

Former Prime Minister of Poland and President of the Polish Peasant Party

Installment IX

How Roosevelt and Churchill hounded Russia on every point while their forced Poles of gun point to sign Russian citizenship papers in return for the right to live in Poland. How "Russia's Terror" by Stanislaw Mikolajczyk, the Polish leader who eluded the Iron Curtain to give these facts to the world.—EDITOR.

The composite "war" of London and Washington began at the door to the pleas of the Polish Government-in-exile at the beginning of 1942.

The British were determined to do nothing to distract their Anglo-Russian relations; even to the extent of overlooking the interests of Poland, their Ally over whose problems they had gone to war in 1939.

SO WE BEGAN to look to America for the necessary pressure on the Red. And so the Russians, though hard pressed in a war of survival, could and did act their part of a conquering power in their own countries. What is worse, they were given away with it—and their political aggression continues to this day.

In 1942, Roosevelt sent his teller of State Cordell Hull in Washington, when Hull questioned about Soviet pressures on Poland, that it was none of his business.

Regardless of Soviet Action**United States Will Not Get Out of Berlin**

By R. H. SHACKFORD

WASHINGTON, Jan. 14.—(UPI)—The United States will serve formal notice on the Soviet Union that it has no intention of withdrawing from Berlin regardless of how unpleasant the Russians may make it there for Americans, it was learned authoritatively today.

Trouble Spots

The United States also will warn that any moves designed to force the Americans to abandon Berlin to the Soviets will immediately place the blame for partitioning Germany on the Soviet Union, "not the Germans," as one high official said.

Undersecretary of State Robert A. Lovett may use the regular state department weekly news conference today to state American policy on Berlin.

The provocation was provoked by the Russians last Sunday in a front page editorial by the Soviet Army newspaper, *Pravda*, which called Berlin "a German city." It accused the Americans and British of partitioning Germany by creating the two German Democratic zones, and stated bluntly: "There is no room in Berlin for German Communists or adherents of the partition of Germany."

"IF THE RUSSIANS break up four-power control of Berlin, that will be the beginning of another anti-power race of Germany," a policy-making official said. "We will have to take steps to reiteration to the acceptance of all German zones but only the British accepted it. That other is still open. That's not partition."

27-Year-Old Romance

Pretty Belfast Girl Now Hears of Wealthy Father

LONDON, Jan. 14.—(AP)—The Daily Mail said today that as the result of the disclosure of a secret kept from her since birth, a pretty 27-year-old Belfast girl will leave soon for America to meet her wealthy father, whom she has never seen.

Sue, Mrs. J. E. Getty, Gunning, a slender blonde, The Daily Mail identified her father as Harry C. Getty, president of Detroit's "oil king" Standard Oil Co.

The Mail tells this story: Hamilton, Ontario, Canada—Towering 6'7", 200 lbs., Northen Ireland, after a First World War soldier returned to make a home for his wife, his cable that their home was ready crossed to him. He learned that Carolin had died giving birth to a baby girl.

Hamilton said: "Is she alive?" He got no reply. He wrote letters and still received no answer. She had moved to New York, living alone in hotels, kept writing to find out about his daughter.

Betty, the daughter, grew up with an aunt and uncle, believing that her mother had died in the United States and never was heard from again.

The day after another letter from Hamilton arrived Betty got in and wrote a reply. Her cover story was she had resolved, she disclosed to make

Greek Prince in U.S. for Lecture Tour

Cousins of Greek King, Prince Peter, and his wife, Princess Irene, arrive at New York for a U.S. lecture tour. In Greece, Queen Frederika visited Konitsa in place of King Paul, who is ill. Christos and guevillas have recently been battling for Konitsa.

Condor Store Burned

MOCKING MOUNTAIN HOUSE

Alta., Jan. 14.—(CP)—The hardware and builders' supply store at Condor, Alta., owned by Horace Mees, burned to the ground Saturday night. It was learned here yesterday. Loss was estimated at \$25,000.

ADDITIONAL SPORTS**Bobby Riggs Even With Jack Kramer**

NEW HAVEN, Conn., Jan. 14.—(CP)—A crowd of 2,500 people last night at the Hippodrome theater here witnessed Barbara Ann Scott to hold the European figure-skating championship and there were few protests.

"The letters came to my attention. He decided not to answer them because he thought the Canadian would be angry if he did," said the coach. "We told her we would take care of the world if she would take care of us instead of going so far away to share her with a stranger."

But Kramer was afraid that if my father knew of me they would lose me. I don't blame them. It was done for love of me."

In a preliminary singles match, Danny Flory of Australia and Fredriksson, a Canadian skier, split their twoset competition. Flory winning the first set 4-2 and the second 6-4.

Kramer and Paiva paired in the doubles to beat Riggs and Segura 6-4.

Jackie Paterson's Titles Restored

LONDON, Jan. 14.—(AP)—Prosecutors in England will not against the British Boxing Board of Control over his world and British Empire middleweight champion.

Mrs. Thomas was married to S. D. Thomas, a commoner at Geeta 18 months ago. They were employed on office duties at the British Embassy.

The couple were understood to have two children, a boy and a girl, in their early teens, at present residing in London, England, awaiting a passage to Tanganyika on the boat.

School Radio Use Is Supplementary

The use of school radio broadcasts is not intended to supplant the regular teaching process, but it is "enrichment material," said Miss Doria Berry, co-ordinator of radio school broadcasts, in an address to the Alendale High School Student Association at its recent meeting.

Miss Berry added that response to the radio programs on the part of both the teachers and pupils is encouraging to the service and they hope to expand the existing program. The first program of Canadian Primary music was the first school subject to be broadcast. The new station has been added to the network of stations broadcasting. School radios have almost doubled in number since a year ago, stated Miss Berry.

A new combination radio has

To Attend Survey Meeting In Ottawa

Alberta will be represented at a meeting of the Canadian Council of Surveying being held in Ottawa Feb. 4 and 5 by J. H. Holloway, chief government surveyor of the federal government. Mr. Holloway will remain in the federal capitol to attend a meeting of the Canadian Geographic Board on the following day.

Land taxes were paid Monday

to the amount of \$161,273.50. This figure compares with \$80,251.10 for the same day in 1947, an increase of 101 per cent.

The buying power of a five-dollar bill has slumped as illustrated in the pictures above. At the left, a city housewife with five dollars' worth of groceries at 1939 prices. Price list, 1939. At the right, the same housewife with five dollars' worth of groceries of the same type but not necessarily the same quality as those at the left. Price list, 1948. The figures were taken from this week's issue of The Bulletin. By further comparison, an item like a pound of the following items cost twice as much in 1948 as in 1939. No items among the groceries pictured could be considered as luxuries.

—Photo by Blund

last month as any kitchen housewife in Canada was in 1939 prices. Price list, 1939.

In January, 1948 issue of The Edmonton Bulletin. At the right is the amount of groceries of the same type but not necessarily the same quality as those at the left. Price list, 1948.

Speakers at the meeting will include the following: Dr. G. S. Black, Alberta government supervisor of forestry; Dr. R. T. McNaughton, president of the Canadian Pacific Airways; Mr. George MacCormac, president of Canadian Pacific Lines; Mr. C. A. Link, chief Imperial Oil geologist; Mr. G. E. O'Neil, vice-president of the company with headquarters in Toronto; Dr. W. G. Chapman, Calgary chief geologist for Alberta; Mr. Frank J. Abbott, manager of the company's Salt Plains promotion department; Mr. G. L. Clegg, manager of Canadian Pacific Airways; Mr. G. L. Clegg, manager of Canadian Pacific Lines; and officials of required departments of the CPR and CNR.

Training Conference For Texaco Dealers

Statewide Edmonton and district McColl-Frontenac Oil Company dealers are attending a four-day training conference being held this week in the Macdonald hotel. This conference is conducted by a group of their helpers and are sponsored by the company's Sales promotion department. The course is designed to properly train garage and service station personnel on the care and maintenance of all types of vehicles.

W. F. McEvilley, Calgary, is the manager of the company's Lubricating Oil Division. A. J. Cunningham, Calgary, is manager of the sales and promotion division.

Key Men Attend Mines Meeting

Key men in the field of mining attended to attend the annual meeting of the Chamber of Mines, Friday at the Hotel Macdonald.

Mr. John G. McLean, president of the Imperial Oil Ltd., Dr. G. A. Link, chief Imperial Oil geologist, and G. E. O'Neil, vice-president of the company with headquarters in Toronto, were present.

Dr. W. G. Chapman, Calgary, chief geologist for Alberta, will present a paper on the oil fields of the Northwest Territories. The paper is believed to be the first ever presented by the Imperial Oil Ltd. Dr. G. A. Link, chief Imperial Oil geologist, and G. E. O'Neil, vice-president of the company with headquarters in Toronto, were present.

Arthritis Survey Being Conducted

Full survey of the problem of arthritis is being conducted in Ottawa this week by a conference of medical men from across the country authorizing Alberta is being represented by Dr. A. Somerville, Alberta representative of the Canadian Arthritis and Rheumatism Association and assistant physician later of health.

Dr. W. W. Cross made the announcement yesterday that Dr. Somerville was attending the survey.

Demands from Alberta patients that a home for arthritis patients be established have been rejected until such definite cure for the disease is found, according to health authorities.

High fruit and vegetable prices plus the high cost of living are a factor in the diet of many Canadians, M. M. Robinson, secretary of the Ontario Fruit Growers' Association, told a meeting of the group with wholesalers who preferred to import United States produce rather than buy from Canadian growers. When restrictions were placed on U.S. imports, shortages arose.

In announcing formation of the new organization, President Dr. H. B. Warnica, of the Canadian Veterinary Club, which was formed

on Tuesday night at a meeting in the Canadian Hotel.

Officers of the new association are Hon. President, Dr. H. L. Lovell, veterinarian; Vice-President, Dr. G. O'Donnoughue, and Dr. W. T. Calfee, secretary-treasurer.

Junior Hospital League Elects

Mrs. Duncan R. Innes President

Elects

Mrs. D. R. Innes, who has been elected president of the Junior Hospital League, succeeds Mrs. J. W. MacGregor.

Janet Eastes Pledges Vows

EDMONTON, Jan. 14.—Pastel chrysanthemums decorated the home of Mr. and Mrs. A. E. Eastes for the occasion of their wedding. The bride was dressed in a white gown and a man's hat and a corsage of white orchids.

Miss Helen Eastes, sister of the bride, was bridemaid and wore a two-piece afternoon dress of gray wool with a matching belt and a corsage of roses.

Clayton Carroll of Calgary was best man.

A light luncheon was served following the ceremony. The bride's table was centred with a thimble wreath of carnations, roses, tulip flowers, vases of pink roses, carnations, white spray chrysanthemums and a corsage of white decorations. Mr. Christie proposed the toast to the bride.

For the dance preceding Miss Eastes' wedding, she wore a two-piece dress of fine wool with green accessories and a corsage of white orchids.

Mr. and Mrs. Sanderson left on a winter trip to Great Falls, Mont. They will make their home at Red Deer.

Other guests were Mrs. C. McLeod, mother; Mr. and Mrs. G. P. Puffer, Miss Marilyn Puffer, Mrs. Chester Hale, the Misses Elsie and Dorothy, Mr. and Mrs. Donald Love, Edmonton; Mrs. H. Duckworth, Mr. and Mrs. Clayton Carroll, Mr. and Mrs. James Jones, Mr. Arzintash and C. Sanderson.

Woman Climatologist To Make Experiments

TORONTO.—(CP)—One of the few women climatologists in North America, Mrs. Marie Sanderson, plans to make some interesting experiments here to determine that climate conditions, rather than temperature, are the cause of evaporation of moisture from the earth.

As part of a study of climatology also is making for the Ontario Research Foundation, all last summer she examined the weather patterns in a vacant lot near Mount Pleasant road in North Toronto.

In addition to grass and catted wheat grass, water was carried by pipes laid underground. In all cases the amount of evaporation was found to be the same.

As part of the Ontario government project, Mrs. Sanderson is concentrating on a study of the moisture factor in the climate of Ontario. This work will be carried out by a committee of experts.

"Uncluttered Look" Featured for Spring

LOS ANGELES, CAL.—California's fashion editors invited today the "uncluttered look" for midday's spring and summer wear.

The "uncluttered look" in women's clothing, displayed by 130 manufacturers of "California Apparel," was the result of a committee sponsored by the organization.

"There is a new simplicity about the spring and summer styles, a spunkier, simplified look."

From the first Victorian and a slight rococo to the latest and looks, the committee tried to the streamlined age and developed a new casual grace, a soft femininity without stiffness.

"Without exaggeration" means skirt hemlines are 12 to 15 inches from the floor. "The look is not as full as before but retaining a 'provocative' swirl."

"A girl can get on and off a street car with them," said one stylist.

IODE Chapter Outlines Plans

Plans for 1948 projects were made at a meeting of the Community Affairs Committee, held recently at the Prince of Wales Armory. A dinner party will be held by members of the chapter at the Purple Lantern, Jan. 21.

Nominations for 1948 officers were taken at the meeting. Miss Evelyn Hooper, regent of the chapter, presided.

Women have been eligible for appointment to the Senate since 1929 and in 1930 Caline Wilson became Canada's first woman

countess of Webster.

Mark Silver Anniversary

Mr. and Mrs. Ali Hamden, 21004 107 street who celebrated their 25th anniversary of their wedding recently at a party at the Moslem mosque. They were married at East Cove Sea here in their birthplace, Jan. 13, 1912, and came to Canada in 1939 settling near Barric, Ont. They came to Edmonton in 1940. Mr. Hamden is a Moslem businessman. Mrs. Hamden is a Presbyterian Church, enjoying good health throughout their lives. Two daughters and five sons are still living. They have 15 grandchildren and 12 great-grandchildren.

At the anniversary, a reception for 60 guests was held in the dining room of the house. The bride was set with a white linen cloth and centered with a diamond-shaped arrangement of flowers with lighted tapers. Mr. Foster proposed the toast to the bride.

The bride was wearing a grey wool dress with black accessories and a corsage of red rosebuds and the bridegroom's mother wore

a navy blue crepe dress and a corsage of pink carnations.

The couple left for a honeymoon in California, the bride travelling in a motor home and the groom in a truck.

Almost 12,000 Swedish boys and girls exchange letters with United Nations in the church.

United Nations meeting in the Hall, 1015 Jasper Avenue, Friday at 8 p.m.

Norma Ross Becomes Bride

EDMONTON, Jan. 14.—The United Church here was the scene of a wedding recently of Miss Norma J. Ross, eldest daughter of Mrs. Mary Ross of Edmonton and Bernard D. Ross, 1000 107 Street. The Rev. F. Forster performed the ceremony. Miss Vassine Price played the wedding music and during the signing of the register, D. Ross sang "Always."

The bride was elegantly dressed in a white gown and a veil held in place with a comb of roses. She wore a diamond necklace and bracelet. Her only jewelry was a diamond ring.

The bridegroom was in a dark suit and tie and wore a gold and white aqua nymph gown and chapel veil. She carried a diamond and pearl bracelet.

Mr. and Mrs. William Grant, Sr., of Killam who celebrate their 60th wedding anniversary Tuesday, both were born in 1880 at Lethbridge, Alberta, and died there in 1900. They were married at East Cove Sea here in their birthplace, March 29, 1882, and came to Canada in 1889 settling near Barric, Ont. They came to Edmonton in 1900. Mr. Grant is a Moslem businessman. Mrs. Grant is a Presbyterian Church, enjoying good health throughout their lives. Two daughters and five sons are still living. They have 15 grandchildren and 12 great-grandchildren.

At the anniversary, a reception for 60 guests was held in the dining room of the house. The bride was set with a white

linen cloth and centered with a diamond-shaped arrangement of flowers with lighted tapers. Mr. Foster proposed the toast to the bride.

The bride was wearing a grey

wool dress with black accessories and a corsage of red rosebuds and the bridegroom's mother wore

a navy blue crepe dress and a corsage of pink carnations.

The couple left for a honeymoon in California, the bride travelling in a motor home and the groom in a truck.

Couple Mark 50 Years Wed

MILNER, W.C., Jan. 14.—Mr. and Mrs. H. A. Landry, pioneers of the Caroline district south of Rocky Mountain House, celebrated their golden wedding anniversary here yesterday.

Fifty friends and relatives called to congratulate Mr. and Mrs. Landry on the occasion.

They came from Minnesota in the north and from British Columbia. Their daughter, Mrs. S. McLean, of Caroline, was a visitor at the celebration. Mr. and Mrs. Landry are the parents of Carl and Anna, of Canmore, many sons and daughters and numerous other friends from a score of

states and provinces.

Mr. and Mrs. William Grant, Sr., of Killam who celebrate their 60th

wedding anniversary Tuesday. Both were born in 1880 at Lethbridge, Alberta, and died there in 1900. They were married at East Cove Sea here in their birthplace, March 29, 1882, and came to Canada in 1889 settling near Barric, Ont. They came to Edmonton in 1900. Mr. Grant is a Moslem businessman.
